SUMMARY

Full Stack Developer with hands-on experience designing and building responsive, high-performance web applications using modern front-end frameworks, robust back-end architectures, and RESTful APIs. Skilled in crafting clean, scalable, and maintainable solutions across the entire development stack. Adept at optimizing performance, ensuring cross-platform compatibility, and integrating complex systems. Collaborative team player with a passion for delivering impactful digital experiences from concept to deployment.

EXPERIENCE

Web Developer
Silver Hamster   **September 2024 – Present,   Panipat**
· Developed and maintained responsive websites and web applications using modern framework.
· Built **RESTful APIs** and backend services using **NestJS** with **Prisma** ORM for database management.
· Collaborated with cross-functional teams to analyze requirements, design scalable solutions, and deliver projects.
· Improved application performance and code efficiency by optimizing components.

Internship
Silver Hamster   **February 2024 – August 2024, Panipat**
· Assisted in the development of user interfaces using HTML, CSS, and JavaScript.
· Learned and applied best practices in web development, including code optimization and performance tuning.
· Gained hands-on experience with server-side technologies such as JS, TS, Node.js, PHP, Laravel, MySQL and MongoDB.

PROJECT

Ausmate
Silver Hamster · ausmate.com/ · June 2025 – Present
· Developed a comprehensive multi-warehouse management system, enabling real-time tracking of inventory, managing incoming and outgoing shipments, and ensuring up-to-date stock level visibility across all locations.

HVAC Warehouse
Silver Hamster · dev.hvacwarehouse.com.au/ · February 2025 – Present
· Developed an e-commerce platform for purchasing HVAC products, including an admin panel for managing product listings, updating inventory, processing orders, and overseeing overall operations.

Airvent
Silver Hamster · dev.airvent.com.au/ · January 2025 – June 2025
· Engineered advanced search and filtering features, enabling efficient product discovery, intuitive browsing, and seamless admin oversight for precise inventory management and accurate information control.

UPC
Silver Hamster · dev.unitechmeter.com/ · September 2024 – March 2025
· Engineered dynamic search and filtering capabilities, facilitating efficient product discovery and streamlined browsing while supporting seamless admin oversight for inventory control and informational accuracy.

TutelageX
Silver Hamster · tutelagex.com/ · January 2025 – February 2025
· Personalized, mentorship-driven platform helping MBA aspirants craft unique, authentic applications, with a focus on individual stories and limited student intake for tailored guidance.

Immigration Pointer-Australia
Silver Hamster · immigrationpointer.com.au · July 2024 – September 2024
· Collaborated with a cross-functional team to develop and enhance the project, ensuring seamless functionality and user experience.

Immigration Pointer
Silver Hamster · immigrationpointer.in/ · July 2024 – September 2024
· Collaborated with a cross-functional team to develop and enhance the project, ensuring seamless functionality and user experience.

Opening Hours
Silver Hamster · openinghours.in/ · March 2024 – June 2024
· Engineered a scalable web solution to centralize and dynamically present operating schedules for diverse establishments, enhancing information accuracy and accessibility for end users.

EDUCATION

B.Tech (CSE)
NIMS University Rajasthan · Jaipur · 2024

Diploma CSE
Govt. Polytechnic Hisar · Hisar, Haryana · 2021

Higher Secondary
Cambridge Public School · Bhiwani Rohilla, Hisar · 2019

Secondary
L.B.S. High School · Balsamand, Hisar · 2016

CERTIFICATIONS

Intro to JS
Great Learning · 2024

RS–CIT
Vardhman Mahaveer Open University · 2019

SKILLS

Front End and Backend: HTML, CSS, Bootstrap, Tailwind, JavaScript, Typescript, Nest.js, Node.js, Prisma, Vue.js, PHP, Laravel, Filament

Tools: Docker, Git/Github, AWS
